Highways Bad After Snow, Mercury Dip

Four Persons Hurt In Rt. 62 Crash Near Alliance

Driving conditions last night and today were extremely hazardous following a sudden drop in temperature which left streets and highways with a coat of ice and snow. A low of 14 degrees was reported in Salem.

Hills and curves were particularly slippery until state highway department crews managed to get them cindered. The state highway patrol reported roads in the worst condition this season.

A number of traffic accidents were reported, four persons being injured in a two-car collision on Route 62 near Alliance.

The state patrol received numerous calls from motorists whose automobiles skidded into ditches. These required tow-truck service.

The snowstorm broke late yesterday afternoon, leaving a two-inch blanket to beautify the landscape but also to cause motorists considerable hazard and discomfort.

Many travelers found the going too tough and stopped over night at hotels and tourist homes.

On Route 62 near Alliance at 8:40 p. m. Monday a car driven by James King, 45, of Decatur, Ind., slid out of control on the icy pavement into the path of a car driven by Erwin Grapentine, 54, of Alliance.

Grapentine suffered contusions of both knees.

James King received contusions and abrasions of the head. Grace King, 45, suffered a compound fracture of the nose and Richard King, 25, received a fractured clavicle.

All the injured persons were taken to the Alliance City hospital.

Skids Into Truck

At least two local accidents last night were caused by icy streets.

A car driven by Edward G. Cormany of 1400 Ridgewood drive skidded on E. State st., at Rose ave., at 11:30 p. m. The skid carried his car into the left lane and it hit head-on with a truck operated by Walter L. Smith of Timbersville, Va.

The collision smashed the front end of Cormany's car, but did not damage the truck.

Parked Car Struck

James A. Girard of 465 S. Broadway told police a car driven by Russell Allison of 566 W. Pershing st., collided with his parked auto in front of his home at 6:30 p. m. Monday.

Allison's car hit a slippery spot on the street, spun around and hit the rear of the Girard car.

Damage was inflicted to the trunk lid, bumper and gas tank of the parked auto, while Allison's car was not damaged.

Cold Thanksgiving Day

State Weatherman George Andrus at Columbus said tomorrow will be partly cloudy and slightly warmer, but Thanksgiving day will be cold with a few snow flurries.

"Another cold air stream will drift in from the northwest on Thanksgiving," Andrus predicted, "and probably will stay over the weekend."

Some consolation was found, however, in the fact that on Nov. 22, 1880, the mercury plummeted to zero at many points throughout the state.

"It's even cold down south today," said Andrus, who pointed out that cities in Georgia, Alabama and other southern states had temperatures well below freezing.

The patrol reported the worst road conditions in the Cleveland, Chardon and Painesville areas. The roads are open but slippery. Snow was falling around Chardon and Rocky River this morning.

AIR, GROUND AND SEA rescue teams are searching Oslo, Norway, area for plane missing and feared down with 29 Jewish DP children aboard. A reported explosion in the Hurum peninsula area indicates all may have been killed. They were bound for Oslo from North Africa, where they had been taken from Israel to escape strife between Arabs and Jews.

26 Found Dead In Dutch Plane

Believe Only One Survivor From Crash

OSLO, Norway, Nov. 22—(AP)—Police announced today they recovered 26 bodies from the wreckage of a Dutch plane which had carried 29 Jewish refugee children and seven adults. The police said one child is known to have survived.

There was only the slimmest chance that there were any more survivors, the rescue parties reported.

The searchers found the twin-engine DC-3 transport after searching since Sunday through the dense forests of southern Norway. It was lost en route from Tunis, North Africa to Norway with the 28 undernourished refugee children, three nurses and four crewmen.

The plane smashed into the forest, cutting a broad swath through the trees. The front part of the chartered Aero Holland craft was badly damaged, but the rear section was said to have been almost intact. As rescue workers came upon it, some of them reported they could hear faint, feeble cries.

It was reported that the lone survivor was a 12-year-old boy. The plane was found near Filtvet, a small town on the west side of the Oslo fjord, about 30 miles from the Norwegian capital. The nearest house to the crash scene is almost two miles away, and apparently its occupants did not hear the crash or explosion.

Squads of ambulance and rescue teams were sent to reinforce those at the scene.

Bridge Abandonment Meets Opposition

LISBON, Nov. 22—A county proposal to abandon an over-head bridge over the Pennsylvania railroad's tracks on the Hanover-Mechanicstown road met with opposition Monday when a delegation of 20 farmers from that Columbia-Carroll county area met with the board of commissioners.

County officials had proposed abandonment of the bridge, which is in need of repairs, and the re-routing of traffic through an underpass a half-mile distant from the bridge.

A survey has been made by County Engineer Charles O. Snyder and the problem of repairs or abandonment analyzed as to the most economical proposal. No action was taken at the session Monday.

Rise Of Nazism Disturbs Powers In Germany

Former Hitler Aides Shown In Bold Try For New Leadership

BERLIN, Nov. 22—(AP)—Is the old spirit of German Nationalism on the march again?

Western allied officials in Berlin have been piling up a file of evidence that points that way. "The bugaboo of Communism may soon have to take a back seat. There's competition around," an American political authority commented today.

All four occupation powers—Britain, France, Russia and U. S.—appear to be sensitive to the rebirth of the old Bismarck creed of "Germany for the Germans."

Recent examples of this are:

In London, member of parliament Brigadier Frank Medlicott said "signs of the return of Nazism in Germany are increasing."

In Washington, chief war crimes counsel Telford Taylor asserted the Germans are trying to "soft pedal" the war crimes trials behind a rising nationalism.

In Paris, the French have consistently resisted proposals to halt dismantling of German industry which they call war potential.

In Ottawa, Canada, Field Marshal Lord Wavell forecast that Germany would eventually become a greater problem for the west than the Soviet Union. He called the Germans the "most dangerous people in Europe."

The Russians, flirting with ex-Nazis to win political strength, ran into old German stubbornness only this month. They gave civil rights back to former Nazis, then ordered the Communist puppet government they set up in the eastern zone to install Communist ideas. Immediately the former Nazis, banded together within the National Democratic party, lashed out against turning private enterprise into so-called people's owned industries.

On top of that, the Socialist Unity (Communist) party acknowledged the existence of the "nationalist" spirit within its own ranks and ordered a widespread purge. They called it "Titoism," but most observers calculate that the "ism" was around long before Yugoslavia's Marshal Tito broke with the Kremlin.

How much of the growing German spirit of independence is "nationalist" and how much is pure Nazi is a matter of debate. However, almost any major Nazi who has escaped trial for war crimes up to now can face most German courts without too much fear, unless he is personally linked with an individual war crime.

The relaxed attitude toward ex-Nazis is shown by the recent conviction of Gertrud Scholz Klunk, head of Adolf Hitler's league for German women.

Last week two German men invaded a Jewish synagogue near Bayreuth and ripped the American flag off the wall.

Only last night a group calling itself "Friends of Otto Strasser" tried to hold a political rally in Duesseldorf on the Rhine. The British occupation authorities forbade the meeting. Strasser was one of the seven men with Hitler who founded the Nazi party. He has been a refugee in Canada since he broke with Hitler but has tried repeatedly to return to Germany.

Truck Driver Injured, Treated At Hospital

Russell Breckenridge, 27, of Uniontown, O., was treated and released at City hospital at 11:30 p. m. Monday for contusions of the head and chest.

Hospital authorities were told Breckenridge was injured when the truck which he was driving was struck by two other trucks Monday night three miles north of Darlington, Pa.

Action Against Reds In UN Seems Likely If Moscow Refuses

BULLETIN

WASHINGTON, Nov. 22—(AP)—The United States received an indirect report today that a Chinese communist "people's court" expects to reach a final decision "in a matter of days" on American Consul General Angus Ward.

WASHINGTON, Nov. 22—(AP)—A score or more nations are expected to fall in line promptly with an American proposal for concerted action to free Consul General Angus Ward from a Chinese communist jail.

Officials looked for the first responses today to personal message asking intervention with the Peiping regime. Secretary of State Acheson sent it out over the weekend to the foreign ministers of 30 governments, including Russia.

The big question mark was whether Moscow and the four other Soviet bloc nations would agree to take part in the international move, which diplomats said was without precedent.

There appeared little doubt that Britain, France, and most of the others would agree to bring pressure on the communists through their representatives in China to release Ward and the four members of his staff from their four-week captivity at Mukden.

If Moscow says the word, officials are fairly confident the Chinese communists will free Ward. They believe the communists at least would cease the treatment of Ward which Acheson denounced as a "direct violation of a basic concept of international relations which have been developed throughout the centuries."

But if Moscow takes refuge behind the familiar contention that Russia does not interfere in the "internal affairs" of any nation, the American move was calculated to have these effects:

1. Putting Russia and the Communists on the defensive before world opinion.

2. Lining up international sentiment against recognizing the new Chinese red regime and blocking its admission into the United Nations.

Only the Soviet bloc has extended recognition thus far, but British commonwealths and some other countries are reported on the verge. American recognition will not even be considered as long as Ward is mistreated, Acheson said.

The new American proposal went out secretly in the midst of spreading demands that the government take stronger action. The American Legion, Senator Knowland of California and others have urged that the U. S. impose a blockade of communist held China ports if necessary or otherwise threaten the use of force, but indications are this is not being given serious consideration at the moment.

In 1946 he won the coveted "Headliners" award for national cartooning.

Friday night he will illustrate his talk with on-the-spot drawings. There is no admission charge and the public is invited.

County Sheriff Warns Against Swindlers

LISBON, Nov. 22—County residents were warned today by Sheriff Howard Clark to be on the lookout for a pair of swindlers, operating as chimney repairmen.

Monday the two men approached a woman living south of Lisbon on Route 164 with the information that her house chimney was full of holes and was creating a fire hazard. They offered to repair it for \$125.

After learning that the woman had only \$40, they agreed to do the job. They worked only two hours and then left, saying they would return for the balance of the money.

Their pattern of operation is consistent. They generally approach an elderly woman, living alone, Clark said.

Byrnes Urges Tax Decrease

Cites Dangers To U. S. In Deficit Spending

BILOXI, Miss., Nov. 22—(AP)—A former cabinet officer made a sharp attack on government fiscal policies last night and called for a drop in taxes and the national debt.

In his second assault on the Truman administration, former Secretary of State James F. Byrnes told the southern governors' conference that federal taxes and the public debt constitute the real trouble now besetting this country.

The cure, added the former administration stalwart, was to be found neither in a larger public debt nor in a heavier tax load, but he saw no immediate remedy. Deficit spending will continue, he declared.

Byrnes' first attack on the administration came in a recent speech at Washington and Lee University. There, he charged the federal government with "statism," with taking over more and more the powers and prerogatives of local governments.

Last night he told the south's chief executives:

"We should devote to cutting expenditures some of the thought we are devoting to taxing and borrowing. But cutting expenditures is not seriously considered in the executive department and new taxes will not be seriously considered in congress. So deficit spending will continue," Byrnes said.

"Big government is more dangerous than big business," Byrnes added. "Little governments can regulate big business . . . but it is difficult to regulate big government."

"The spenders, while deploring deficit spending, assert as an excuse that there was deficit spending during the Roosevelt administration. . . but who can forget that in 1933 the banks of the nation were closed, farmers whose mortgages were foreclosed were deserting the farms, factories were idle and the unemployed walked the streets hungry?"

"Only a spender with no sense of responsibility could fail to see the difference," said Byrnes. "Today we have 'unexamined prosperity.' If the government cannot live within its income, what will it do should we have a serious recession in business?"

Byrnes has said he is considering seeking Democratic nomination as governor of South Carolina next year.

National Grangers Again Elect Goss

SACRAMENTO, Calif., Nov. 22—(AP)—Delegates to the 83rd annual convention of the National grange yesterday re-elected Albert S. Goss of Washington, D. C., to his fifth consecutive two-year term as master.

Franklin C. Nixon of Vincennes, N. J., was elected chaplain, succeeding Joseph W. Fichter, of Oxford, O., master of the Ohio grange.

Harry A. Caton of Coshocton, O., was re-elected secretary.

Charges were filed with the National grange, and then withdrawn, against Fichter several months ago. He was accused of misconduct and his removal from the Ohio office was sought. The accusations were filed by Wade Moreland, head of the dissident element of the Licking county, O., grange, in behalf of 1,248 grange members in 14 counties.

Moreland told newsmen in Columbus last Saturday that his group would file new charges against Fichter, whether or not he was re-elected national chaplain.

Washingtonville Lutherans Happy

Church Redecorating Completed In Time For Holiday Service

WHEN members of the Washingtonville Trinity Lutheran church meet for a Thanksgiving service with their friends and neighbors they will have an additional reason to be thankful. Almost all the redecoration of the church is completed.

A gleaming exterior of the church, situated at the corner of Route 14 and the Washingtonville-Canfield rd., shows a bright red coat of paint over the brick walls which extend to the eaves and shining white above the eave-line and much of the bell tower. Needed exterior repairs were made also this summer.

Rev. S. D. Myers of Alliance has been the church's pastor since May and has supplied the church during most of the beautification process.

The main auditorium has been carpeted and the basement kitchen and dining room has been redecorated. The basement is one of the busiest sections of the church. Last week women of the church served chicken dinners to almost 400 visitors.

There are only 65 fully active members of the church and to them is given most of the credit for the work. Not only did they contribute and work for much of the \$4,000 needed to finance the redecoration of the church, but they came forward with hundreds of volunteer hours of work on the church itself for the part that non-specialists could do.

Dance To Be Held By Butler Grange

Butler grange will hold a benefit dance Saturday evening in the hall.

A cooking school demonstration is scheduled for 8 p. m. Wednesday, Dec. 7, in the hall, with Miss Rita Pottorf in charge.

The grange will hold its annual oyster dinner Saturday, Dec. 3, for members and friends. One application for membership was balloted on at last week's session. Miss Ruth Ann Altenhof and Roger Baker were in charge of the program.

Miss Altenhof conducted a quiz and gave a reading. Dorothy Aegerter and Don Smith offered accordion music. The Lautzenheiser family entertained with musical saw and piano selections.

The 1950 officers of the juvenile grange are:

Master, Donnie Mercer; overseer, Richard Solomon; lecturer, Lela Mae Mercer; steward, Charles Mohr; assistant steward, Ralph Mohr; secretary, Shirley Hartsough; lady assistant steward, Jo Ann Mohr; Flora, Shirley Vogelhuber; Ceres, Norma Hartsough; Pomona, Ruth Ann Conser.

Fourteen members and one visitor were present at the last meeting. Two members were re-instated.

Roll call response was "Where I Would Like To Spend Thanksgiving." Readings were offered by Shirley Hartsough and Donnie Mercer. A bird guessing contest was an enjoyable feature.

Mrs. Merle Mercer, matron, entertained the members at a winter roast recently.

SEEING TRIPLE?—Sister Cloeta, first-grade teacher, at St. Leo's School, Columbus, O., thought she was seeing triple when these youngsters took their seats in her classroom. They are Donald, Jimmy and David Bartley, triplet sons of Mr. and Mrs. David Bartley. Now Sister Cloeta can tell them apart because they usually wear jackets with their names printed on them.

Columbiana Rotary Fetes Four DP's

COLUMBIANA, Nov. 22—Although there are perhaps a number of displaced persons within a radius of several miles of Columbiana, only four responded to the invitation of the Columbiana Rotary club to be its dinner guests at its Monday evening meeting at Valley Golf club. H. W. Hammond, program chairman, presided.

Rev. Paul Gerrard of the Lisbon Presbyterian church, who was the speaker, based his remarks on the spirit of Thanksgiving and its application to displaced persons. He spoke from the 100th Psalm: "Enter into His gates with Thanksgiving, and into His courts with praise; be thankful unto him and bless his name."

Referring to the many nationalities entering into the ancestry of Americans, Rev. Gerrard said his own antecedents were German, Scotch, Welsh and Irish.

Howard Holloway, living four miles south of town on the Elkton rd., was present with two Latvian farmers who make their home with him. They are M. Grins and A. Mamis.

Harry Hermann presented Joe Zavidil, a Czechoslovakian, employed in the Columbiana Buick garage.

Frederick Galley, Leetonia publisher, was sponsor for Eugene Sodelis, Latvian printer, employed on the Leetonia Reporter, who was presented by Rev. T. P. Laughner of St. Paul's Lutheran church, Leetonia.

Rev. A. A. Anderson of Jerusalem Lutheran church was a guest of George Greiner; Rev. W. S. Longworth of the Methodist church a guest of Frederick Detwiler, and L. W. Bertelsen a guest of Leo Holloway.

Two Columbiana High School senior guests were Dorothy Ramsey and Grace Horst. Raymond Smith will be program chairman next week, and William Yoder of the Citizens Bank will give his experiences of three years as a Mennonite missionary and relief worker in the Far East.

Watch Out For The Symptoms!

Laughed out loud when I heard Hoot Davis was down with Chicken Pox. A man of forty-five catching a kid's disease!

So I went to see him, armed with jokes about "second childhood" but forgot them fast when I got there. Hoot looked terrible and had quite a fever.

While we talked, I came to think of how Chicken Pox is a lot like other "diseases"—diseases of the character, such as intolerance, self-righteousness or just plain ignorance. They're excusable in children, but when they come out in

adults they're ten times as bad—and can be mighty "contagious."

From where I sit, we should all watch out for the "symptoms"—little things like criticising a person's preference for a friendly glass of temperate beer or ale. We've seen personal freedom wither away in other countries, when individual intolerance was allowed to get out of hand and become a nation-wide epidemic.

This Is More Serious

It may prove to be, as Admiral Sherman ordered, that the incident of Capt. Crommelin's "breach of discipline" is closed. That could be accomplished by official refusal to consider the captain's demand for a court martial instead of the official reprimand given him for his part in naval dissent to interpretation of a military unification policy.

But the question newly raised by Capt. Crommelin can't be closed by a departmental order. He has gone far beyond the terms of the original disagreement about weapons and policy. He has charged that officials in the military high command of the United States are trying to impose a Prussian type of discipline on one of the vital branches of a free government. This is vastly more serious than any question raised about the relative merits of weapons and their use in a possible war. This is a question which goes back to the very beginning of the republic, when far-sighted men warned that freedom would be lost if the new nation could not find a satisfactory way of controlling the military arm of the new nation. From their doubts came such safeguards as civilian control of military departments, separation of the departments, and reliance on state militia for all ordinary security measures. The United States grew up with a strong distrust of militarism in general and of the professional military mind in particular. Whether it now may be drifting into a policy of historic error is the question raised by Capt. Crommelin. He has proposed a problem of the magnitude for congress to consider—a problem which has preoccupied legislators for more than a century and a half and can't be resolved by a mere military ruling that the Crommelin incident is closed.

Needed With a Sickle

If it were possible to shuck off the notion that the cold war between the United States and Russia is keeping this country on the defensive, the news from Asia would be easier to comprehend.

The fact is that the United States, instead of being on the defensive, as many Americans believe, has been giving an excellent account of itself. It has stymied the communist infiltration of Europe and forced the Kremlin to fall back on Asia.

The systematic needling of American pride and prestige in China is not a fatal operation. To be sure, the Kremlin's agents and sympathizers are doing a good job and can't be resisted, but it helps to bear in mind that the Kremlin too has had moments when it frothed with frustration over U. S. maneuvers it couldn't offset. For better or worse, the United States has adopted a diplomatic policy in relation to China which doesn't leave it anything to stand on but its injured dignity. The studied insults of the Chinese Reds, coming to a climax with a demand by Chinese Communists for ousting Chinese Nationalists from the United Nations, prove this is fully understood in China itself.

But insults which might be diplomatic incidents under different circumstances do not add up to a major development in Communism's bid for Asiatic domination. As in Europe, Communists can attain nothing they can't attain by force—and force generates its own resistance. The United States has been dealing with Communist insults and provocations for a generation without

losing its head—and may have to endure them for another generation before the rest of the world turns thumbs down on red tyranny.

Biggest Since Bikini

Admiral Forrest P. Sherman's interlude of peace and quiet as chief of naval operations has been shattered. Capt. John G. Crommelin, the jet-propelled gadfly of the departmental brass, drew blood again Friday with a request for withdrawal of an official reprimand for his previous behavior or a court martial.

Obviously, Admiral Sherman can't withdraw the reprimand, which was his version of the tactful way to keep Capt. Crommelin on duty and maintain discipline at the same time. It would have worked all right if the captain had been willing to take the rebuff. But on second thought he decided that if he deserved it the alleged offense was worth a court martial.

That leaves his superiors with a choice between a court martial and some easier way out. A court martial would make Capt. Crommelin the most publicized figure in the unification squabble, to say nothing of what it would do to the squabble. As was pointed out by all his well-wishers at the time he took the job, Admiral Sherman deserves the deepest sympathy. He is in charge of the biggest explosion since Bikini.

Service With a Smile

Looking Ahead

By George S. Benson

THE psychologists tell us that folks are interested in things they have to pay for. Just plain "give" a fellow something and he is inclined to place less value on it than if he plunked down the green for it. If you want to get a crowd, they say, never offer "free admission" but always sell tickets! Perhaps there's something in this bit of practical psychology: we value what we pay for.

Could I then make a point about taxes? With the costs of government always increasing and the taxes that support this big government getting higher and higher, is it too much to hope that one day the average American's interest in government affairs will perk up? Now that more than a fourth of John Q. Public's income is earmarked for paying for government, will he get interested? He certainly should and soon.

AND WHEN HE DOES get interested, I can't help but feel there'll be some changes made.

At least, I like to think that all this sweatin' and witholdin', and lamentin' come March 15 will eventually produce a more interested type of citizen.

It is generally thought that in America, statesmanship starts back in the home precincts. That's why we need the facts about taxes, and about government costs, right back at home—so that every American can think about them often.

Too many of us have come dangerously near forgetting about some of the things upon which the future of the nation depends. A lot of people are uninterested in taxes, sad to say.

But these indifferent people are not just those few who are ignorant and illiterate. They're your neighbors and friends—successful people, doubtless. They've been busy. Maybe too busy. Certainly too forgetful. Perhaps even you take taxes for granted?

TAKE THAT NEW CAR you just bought—or would like to buy. Only 13 years ago, in 1936, the factory price of a Ford sedan was \$520. This year, according to an

analysis of the Ford company, you are asked to pay \$511.50 in direct and indirect taxes when you buy your car. These payments are not all itemized. They are hidden, but there. They represent about 25 percent of the delivered price of your \$2,000 car!

Here's something else you can think about, not just on March 15, but every day. I am told that more than 200 separate taxes go to make up the price of gasoline, from oil well to gas pump. The federal tax and state tax usually amount to at least 20 percent of the price you pay, but one wonders whether gasoline might not be cheaper without the other 198 different taxes hidden in the price of each gallon.

IT IS CERTAINLY to be hoped that when Americans realize they are working one week out of every four to pay the costs of government, attempts to have Congress add as much as \$30 to \$35 billions in added tax burdens will be studied closely. It's your country! It is foolish to assume that somebody else pays these costs of government—say corporations. When corporations are taxed, it simply means that people are being taxed again.

In the final analysis, taxes come from only one source: people. It is thought that when Congress meets again, with an election year coming up, increases in individual income taxes will be a subject too delicate to take up. Therefore, increase in taxes on business may be proposed to meet the \$4 billion deficit.

Just remember that people pay taxes! And that means you—regardless of whether you think yours are all withheld at the end of each week or paid each March 15!

American Tragedy

By INEZ ROBB

Tense Alger Hiss Drama Not On Broadway

THE MOST TENSE and fascinating drama in New York is being revived not on Broadway this season but in United States district court in Lower Manhattan.

Once more Alger Hiss, who rose like a dazzling meteor in the State department, is on trial for perjury.

But once more, as in Mr. Hiss's first trial which ended last July in a hung jury, the larger issue of perjury with its overtones of espionage and treason is all but lost in the intensely personal duel between Alger Hiss and his accuser, Whittaker Chambers, the former \$30,000-a-year editor and one-time Communist agent.

The dramatic personae is almost the same as during the first trial early last summer. The first act is unrolling in almost identical fashion, with the government's chief witness, Mr. Chambers, on the stand, telling once more his all but incredible story of alleged Communist intrigue in high places.

Mr. Chambers is his old chubby self, in the same neat gray suit, the same white shirt, the same black tie of last summer. In the witness stand, he shows the same self-possession, the same mastery of the scene, as he did at the first trial.

He speaks in the same clear voice, with the same impersonal inflections and with the same quiet assurance. And once more I have the feeling that this man, for good or ill, is the intellectual peer of anyone in the courtroom, even of Alger Hiss, once the white-haired boy of Washington.

ONCE MORE the two men are looking at each other across the width of the big court room, the ceiling with dark wood and flooded now with the melancholy light of early winter.

But if the drama and its performers are much the same as in early summer, at least one of the chief protagonists has not remained unchanged. Gone is the lustrous charm that has set Alger Hiss apart from other men for years. This smiling, fabled charm was as solid and tangible a reality during the first

trial as the famous pumpkin papers. But it is gone today. It is difficult for this thin man, with the drawn, tired face, to summon up an occasional half smile. There is no buoyancy left in this defendant who exuded smiling self-confidence throughout his first trial.

The boyishness, always one of Mr. Hiss's distinguishing characteristics, has been squeezed out of the man in the intervening months. Always a stand-in for the thin man, Mr. Hiss looks even thinner now, almost painfully so.

This still young man, who once rose to be an assistant secretary of state, looks somber now, and deflated. It is almost as if the shock of that hung jury—eight for conviction, four for acquittal—had forced on Mr. Hiss for the first time the realization that this trial is a matter of life and death, a grim uncertainty until the last juror is polled.

He, too, wears the same Oxford gray suit, the same white shirt, the same dark tie. But he is tense during this second trial; not relaxed as at the first.

AS AT THE FIRST trial Priscilla Hiss, petite and precise, sits beside her husband. And though she is not mentioned in the indictment, she, too, no less than her husband, is on trial in this court. For the government charges that she copied on the Hiss typewriter the secret State department documents which it alleges her husband purloined for Communist purposes.

This woman, whose indomitable will and strength are mirrored in her small, intense face, listens to every word with almost violent concentration.

She, too, is dressed in quiet gray, a suit with a seven-eighths length coat and a small gray felt hat, with a darker gray wing as its only ornament. Once more her hands are encased in spotless white gloves.

Perhaps her lips are a bit more pursed, a little tighter than before. But she does not show the strain or seem as weary as does her husband.

So the show goes on, an American tragedy peculiar to our times,

Health To You

Virus Pneumonia Develops Gradually

DURING recent years, doctors have come to recognize a peculiar disease of the lungs which is called virus pneumonia or atypical pneumonia. It is generally believed that one or more viruses are responsible. The disease usually starts much like typical influenza with cough and running eyes and nose. Later the lungs become affected in a patchy sort of way. This is quite different from the usual type of pneumonia caused by a well-known germ called the pneumococcus, often called lobar pneumonia.

Virus pneumonia apparently takes about two to three weeks to develop after exposure. It begins rather gradually, usually without the typical chilly feeling of other kinds of pneumonia. The temperature rises more or less slowly and the cough becomes more and more annoying. Unlike lobar pneumonia, the cough generally does not raise much mucus.

The disease often lasts from one to two weeks, but the changes in the lungs as shown by X-ray pictures may stay for 10 or 11 weeks. At present most patients with this peculiar disease eventually recover completely. The weakening effects and perhaps some cough may hang on for weeks or even months. People who have had virus pneumonia often complain that they do not feel normal for four or five months.

Until recently most treatments tried have not been particularly effective. Now, however, a relative of penicillin called aureomycin has been favorably reported on. It is hard to be sure about this treatment because virus pneumonia patients often get well promptly without any treatment at all. Nevertheless, this is certainly the most promising treatment so far proposed.

No Gridiron Match

By Hal Boyle

COULD UNDEFEATED Notre Dame knock off one of the top professional football teams?

That has been a favorite topic this season with a number of pigskin historians of the sports pages.

Impressed by the record of 3 games without a loss rung up by the Ramblers, a number of writers have opined that the Fighting Irish could beat many play-for-pay teams. And some even have crawled clear out on the limb and proclaimed that Notre Dame could outscore the best pro elevens.

I am no fonder of tanned pork than the average man, but if Frank Leahy's boys in green can whip the Cleveland Browns I'll be glad to eat—without benefit of gravy—the football they do it with. And that is one proposition I don't mind ending with a preposition.

In successive weeks I watched Notre Dame tar North Carolina's Tarheels, 42 to 6, and the Cleveland Browns retain the leadership of the All-America conference by blanking the New York Yankees, 31 to 0.

They were games that demonstrated the best in amateur football and the best in professional football. And the only possible conclusion an innocent bystander could draw was: Notre Dame and the Cleveland Browns don't belong on the same gridiron any more than a Jack LaMotta has any business in the same ring with a Joe Louis.

IN THEIR CLASSES both teams play nearly perfect football, but they aren't in the same class. Frank Leahy can employ the discipline of the old college try—if his boys don't play their hearts out, they're yanked. But Coach Paul Brown of Cleveland, just as much a perfectionist as Leahy, has the added discipline of the dollar.

His men know if they don't win they won't eat next year—at least not with the Browns.

His team doesn't merely do most things well. It does everything well. There is a specialist for every job, paid well to do it right. And the job is done right.

It is easy to foretell what would happen if Notre Dame ever took on the Browns. The ramblers were held to a one-touchdown tie at the half by a fast-charging North Carolina line that mugged up the South Bend backfield. But in the second half the Notre Dame reserve power wore down the Tarheel forward wall. It wasn't until then that quarterback Bobby Williams could get his passes clicking.

Against Cleveland Notre Dame would find the situation exactly reversed. No amateur outfit in the land, no matter how strong or talented, could stand up against the Browns. Their forward wall features hefty Forrest Grigg, a 280-pound tackle about as impregnable as an elephant.

THE SIMPLE TRUTH is that by halftime the Browns would have torn the Notre Dame line to splinters and smothered its back so often they would have a feeling they were playing in eiderdown quilts.

And meanwhile Cleveland would have passed or linebucked the dazed Ramblers silly.

Against the powerful Yankees last Sunday the Cleveland quarterback, Otto Graham, a shy 195-pound lad who likes to play the violin, completed 19 of 34 passes for 382 yards. He had thrown 69 consecutive passes in five games before one was intercepted. Mac Speedie, an end, caught 11 Graham-fung passes for 228 yards, a conference record.

Yes, Notre Dame is mighty—but it would be mighty foolish ever to trot out on a gridiron with a pro team like the Cleveland Browns. For professional football separates the men from the boys, and there is no way for the boys to bridge the gap.

Chambers Says He Stole Child's Name

NEW YORK, Nov. 22—(AP)—Whittaker Chambers admitted today he used the birth certificate of a dead child when applying for a passport in 1935.

Chambers, the government's chief witness in the second perjury trial of Alger Hiss, made the admission under cross-examination by Hiss' lawyer, Claude B. Cross.

The defense is trying to show that Chambers is not the kind of man whose testimony can be believed.

Chambers testified that in applying for a passport to visit England he used the birth certificate of David Breen, who was born in 1900 and lived only three and one-half years.

"The name was given me by J. Peters," he said. Peters has been identified as the former Communist underground chief in this country.

DETROIT, Nov. 22 — (AP)—Kaiser-Frazer Corp. today became the second major automotive firm to agree to company-financed pensions.

It also agreed with the CIO United Auto Workers to increase its contributions to its health and welfare plan, the only big one in the industry.

A Kaiser-Frazer spokesman said the pension plan will provide benefits of "at least \$100-a-month—possibly more" at age 65, including federal social security.

The company will pay into the pension fund six cents for every hour worked by each employee. This is 2 1/4 cents less than the Ford Motor Co. will pay into its trail-blazing pension plan.

P.T.A. Hears Talk On Child's Problems

Rev. E. S. Scott, pastor of the First Christian church, delved into the problems of children at home and at school when he spoke Monday evening at the meeting of the Prospect Parent-Teacher association.

He explained that emotions are a more powerful factor in a child's life than even intellect, as emotions, if not properly controlled can twist the minds and characters of even the most intelligent person.

Mrs. Martin Lee Roth introduced Rev. Scott and presented Thomas Crothers, music supervisor of the Salem Public schools. Mr. Crothers played three numbers, initiating the new spinet piano recently purchased by Prospect P.T.A. His selections were "Love Sonata" from the Italian by Liszt, Polonaise in E Flat minor and he concluded with "A Major and C Minor" by Chopin.

Mrs. Kenneth Schnorrenberg presided at the business session when the members heard Mrs. James Baxter report on the recent meeting of the P.T.A. membership chairman, listed 57 persons now enrolled. It was voted to buy a \$5 tuberculosis bond.

The December meeting will be dispensed with and in its stead will be a Christmas party for the children at 1 p. m. Thursday, Dec. 15, at the school house. The room mothers will assist with the party arrangements.

Lunch was served by fourth grade mothers, headed by Mrs. Matt Klein.

Colorful Program

The Book club's annual husbands' night was a colorful affair of Monday in the social hall of the First Baptist church, with approximately 90 in attendance.

After the invocation by Rev. R. J. Hunter, pastor of the Baptist church, the company was served dinner at tables resplendent in a Thanksgiving theme. An unusual arrangement of gourds, bitter sweet and fine grass, which came from Florida, centered the officers table. Chrysanthemum shaped cups, filled with candy, on a green leaf holder were favors.

Mrs. Harry Snyder, president, played the piano for group singing, which was directed by Mrs. Robert Talbot. Husbands roll call response was "What I Do Not Like To Eat."

Miss Betty Ward was director for a play, "Some Women Were Talking," presented through the courtesy of the Salem Players club. In the cast were Henrietta Tucker, Hilda Blackburn, Mrs. Lozier Caplan, Dorothy Lutsch, Miss Ward and William Wark. Mrs. William Wark was book holder.

Harry Snyder, Raymond Stiver, Carl Willman and Edward Corny were cast in another humorous play, "If Men Played Cards As Women Do." Mrs. Harold Wykoff was the director. Both plays were enthusiastically received.

Entertainment was arranged by the program committee—Mrs. T. W. Purviance, Miss Caroline Hole and Mrs. Clyde V. Williams.

Hospitality committee—Mrs. Carl Flickinger, chairman; Mrs. James Cross, Mrs. W. D. King, Mrs. Carl Willman and Mrs. George Talbot were in charge of dinner arrangements. Dec. 5 meeting will be in the public library.

ENTERTAINMENT was combined with instruction Monday evening when Miss Rita Clare Pottorf gave a demonstration of easier and more efficient ways and means of cooking before 40 women (and men too) in the Ohio Edison building.

Several shortcuts and new angles in the cookery art were ably shown by Miss Pottorf, home economist.

The food prepared before the audience was later served for their enjoyment. The economist's mother, Mrs. J. C. Pottorf assisted her daughter with serving as did Miss Lois Dunlap.

Friends and members of the Presbyterian Young Adult Fellowship composed the group present. Prize winners were Mrs. Norman Pim and Miss Josephine Markovich.

Expect Settlement Of Truck Strike

CLEVELAND, Nov. 22—(AP)—Full settlement of the strike of long distance truck drivers in Ohio by 3 p. m. today was predicted late last night by AFL officials.

Signed agreements for more than half the 7,000 drivers involved was claimed by Thomas E. Flynn, special assistant to Teamsters union President Daniel J. Tobin.

More than 200 employers' group members and many small independent owner-operators had agreed to central states area terms, they said.

The agreements call for an eight cent per hour wage increase, an increase of 1/4 cent per mile, and a \$1 per week health and welfare contribution by the employer.

A-Bomb Plant Lacks Army Guard

WASHINGTON, Nov. 22—(AP)—The strategically important atomic plant at Hanford, Wash., apparently is going to lack army troops to guard it until there are barracks to house them.

Hanford is the place where the ingredient for the powerful atomic weapons of today, plutonium, is manufactured. It is located in the far northwest corner of the country, closer to the bases for the launching of bomber or air-borne troop attack from Russia than any of the government's nuclear fission projects.

Rep. Jackson of Washington announced last summer that troops would be assigned to Hanford.

An army spokesman said today that troops, "Principally anti-aircraft," will be sent but that there are no facilities for them now and that the congress has not yet appropriated money for construction.

In old England, coal once was believed to fill the air with poisonous gases and, in 1306, the English monarch issued a proclamation declaring anyone who burned coal would be put to death.

Berea Opposed To Air Race Course

CLEVELAND, Nov. 22—(AP)—Berea officials still insisted today they do not want any closed course plane races over their community.

During the Thompson trophy race in last September's national air races, globe flier Bill Odom crashed into a Berea home. He, a mother and her baby were killed.

A few days later, Berea passed an ordinance barring close course races there. Said Mayor-Elect Edward T. Manning: "We have an ordinance and I can assure you that when I assume office I will enforce it."

Mayors-elect of other suburbs affected by the races met recently with air race officials. They agreed to holding the events again in Cleveland next year, providing new rules are strictly enforced.

Auto Helps Planes In At Youngstown

YOUNGSTOWN, O., Nov. 22—(AP)—An automobile helped two planes land safely at Youngstown airport yesterday.

A sudden snow flurry covered the runways at the airport. While a DC-3 circled for 15 minutes, an automobile made tire tracks to outline the strip.

Then the airliner from Washington and Pittsburgh and another landed without mishap.

Now Even Dogs Have Reducing Diets

CHICAGO—(UP)—Science finally has developed a reducing diet for dogs.

One diet, the association said, has been devised for expectant canine mothers.

Grain Storage Aid Brings Taft Praise

CHILLICOTHE, O., Nov. 22—(AP)—Senator Robert A. Taft was praised last night for sponsoring legislation making more grain storage facilities possible.

"You have made a real contribution to the ability of American farmers and their cooperative associations to conserve food at no cost to the taxpayer," said Everett F. Rittenour of Piquette, O., president of the Ohio Farm Bureau Federation.

Taft sponsored an amendment to the farm credit act of 1933 which allows loans to co-ops up to 80 per cent of the cost of additional grain storage bins.

Forty Ross County farmers and the Ohio senator heard Rittenour speak.

"I've always favored cooperative organizations," Taft said. He added that co-ops offered farmers a chance to do business as a single unit.

How To Help Your "Scratching" Dog

If you own and are fond of a dog that is continually scratching, digging, rubbing, and biting himself until his skin is raw and sore, don't just feel sorry for him. The dog can't help himself. But you may. He may be clean and flea free and just suffering from an intense itching irritation that has centered in the nerve endings of his skin. Do as thousands of pleased dog owners are doing.

At any good drug store, pet or sport shop, get a 30c package of Rex Hunters Dog Powders, and give them once a week. Note the quick improvement. One owner writes: "My female setter on Sept. 29th did not have a handful of hair on her body—all scratched and bitten off. I gave her the powders as directed. By Nov. 10th she was all haired out."

Learn what they will do for your dog. Make a 30c test. (Economy size box only \$1.50).

Important. Continued diarrhea—rectal itching. When your dog shows such symptoms, suspect Worms. Rex Hunters Dependable Worm Capsules give immediate results.

Met Season Opens; Everyone's In Act

NEW YORK, Nov. 22—(AP)—Everybody got into the act last night as the Metropolitan Opera opened its 65th season.

On-stage, the Richard Strauss women-dominated opera "Der Rosenkavalier" went off smoothly with Rise Stevens, Eleanor Steber and others singing out their arias to six solidly packed tiers of opera goers.

Between acts, the great and would-be great of society put on their own show for the television cameras.

Those who weren't starred in either performance lined the corridors and pointed, oohed and aahed at celebrities on and off the stage.

One minute, the Opera house at 39th street and Broadway was a gloomy, deserted cavern. Its only light came from a single, feeble bulb above the orchestra pit.

In the next, it became a glittering, brilliant arena, with jeweled patrons strung in a horseshoe pattern around the colorfully laid-out stage.

Salem High Team Honored At Boosters Football Banquet

Skits, Gags Enliven Program; George Reash Gets K of C Trophy

The wildest, zaniest Booster club football banquet in history was attended by more than 300 players, coaches, Boosters and guests Monday night in the Memorial building.

Replete with gags, skits, gun shots and pie throwing, the banquet was a great departure from past banquets held here. The skits, kidding Coach Ben Barrett and his staff, as well as Boosters and some of the visiting coaches, were the highlights of the show.

Don E. Beattie, toastmaster, and a cast including Bob Dixon, Carl Field, Ward Eckstein, Loezier Caplan and Mark Miller, staged the program.

The piece de resistance came at the tag end of the show when Beattie was plunked in the face with a lemon pie.

Those attending the banquet received souvenir water glasses, purchased by the club.

Eddie Finnigan, Baldwin-Wallace football coach climaxed the show with a dynamic talk.

His inspirational talk was directed at the players. He told some of his experiences at the 1948 Olympics with his star athlete, Harrison Dillard.

The annual Knights of Columbus trophy to the football player attaining the highest scholastic average was presented to George Reash by Rev. Fr. William Appell.

Booster club gold footballs were given by Booster President Fritz Bichsel to each Senior on the team. Those receiving the gifts included Lige Alexander, Fred Bichsel, Paul Harp, Ford Joseph, Vic Lake, Don Lippitt, Robert Muhleman, Joe Nocera, Paul Noll, Captain George Reash, William Scott, Robert Whitacre, Dean Votaw and Manager Mark Miller.

Engraved leather overnight cases were given to each of the three Salem Boosters club past presidents, Joe Kelley, George Baillie and Bichsel.

Buck Weaknesses Sought By Cal.

COLUMBUS, Nov. 22—(AP)—The Ohio State football team which will oppose California in the Rose Bowl Jan. 2 has two faults—but followers of the Buckeyes feel their good points far outweigh the bad.

The Bucks are in the habit of playing heads-up football in the second half, but they seem to have difficulty getting started early in the game.

At times their defense is weak, but it tightens up usually when necessary.

If California can capitalize on these weaknesses, it may be the Rose Bowl victor. But the Bears will have to contend with the Bucks' strong points—spirit, speed and size; anility and agility, depth and desire; fine punting and passing.

The Buckeyes got a slow start in four of nine games but thundered to victory in three and a tie in one.

The last time they came from behind was the important game of the season. Michigan scored in the first eight minutes and Ohio State scored in the last eight minutes to tie it at 7-7.

In those eight minutes the Bucks won the Rose Bowl bid and a tie for the Western Conference title.

It all adds up to that old sports adage:

"The team that won't be beat can't be beat."

As records go, the Bucks' showing of six wins, one loss and two ties is not impressive. But it was enough to win the Rose Bowl bid. And it was a definite improvement over the last two years.

The pre-Big Seven conference basketball tournament at Kansas City is slated for Dec. 27-28-29-30.

Beavers Take Touch Title

Win Doubleheader In Windup Sunday

If you think Lou Gehrig was an "iron man," then it would be wise for you to acquaint yourself with the Millville Beavers.

The Beavers, who won the Touch Football league championship Sunday at the Junior High practice field, really showed themselves to be true champions and "iron men."

Because of inclement weather Sunday, Nov. 13, the Beavers were forced to play a doubleheader last Sunday to speed up the playoffs. They played one game at 1:30 p. m. and began the next one at 4.

In the first game with the Western Stars, the Beavers found the passage a little rough going as they trailed 6-0 at halftime when Wayne Hahn trotted 30 yards for TD. But "never-say-die" Beavers came back in the last half to score two touchdowns by virtue of passes from Ray McGaffick to Bob "Doggie" Scullion and "Pinky" King.

After being somewhat fatigued from playing 60 minutes of football, the Beavers took on the Salem News only to encounter another rough opponent. Playing its best game of the year, The News battled to a 12-12 tie only to see its hopes fade on a "sudden death" pass from McGaffick to Harry Ehrhart which clinched the game and the championship.

The Beavers' other two scores came on passes, as McGaffick heaved a short fourth-down pass to Scullion and threw a long one to Orrie Wright. The News' tallies came as a result of a pass from Carl Field to Hank Mayhew behind some fine blocking and an intercepted pass by Field, who ran almost the whole length of the gridiron.

The chilly day and the 120 minutes of rugged football taxed the Beavers' energies, but the title and the \$30 pot no doubt will soothe their aching bodies.

Next year the touch loop hopes to get some aid from Salem's athletic sponsors, thus making for better organization and more adequate refereeing.

Milwaukee To Seek 1950 ABC Tourney

MILWAUKEE, Nov. 22—(AP)—The Milwaukee Sentinel said today that the 1950 American Bowling Congress tournament will be held in Milwaukee.

Sentinel Bowling Editor Hank Sayers stated in a bylined story that Milwaukee is the only city to bid for the tourney thus far and that the deadline for bids is Dec. 1.

The story said that the ABC executive committee will not make the actual selection until its meeting at Columbus, O., May 11, but that ABC officials have taken a 120-day option on the Milwaukee sports arena, now under construction.

Local civil rights groups recently asked the city to withdraw its bid on the basis that the ABC bars Negroes from its tournaments, but the auditorium board took no action on the request.

All-Big Ten Team Picked

Michigan, Minnesota Dominate Selections

CHICAGO, Nov. 22—(AP)—Co-champion Michigan and third-place Minnesota, with three berths each, monopolized the 1949 All-Big Ten football team selected for the Associated Press by conference coaches today.

Ohio State's Rose Bowl bound Buckeyes, who shared the title with Michigan, took two positions while one spot each went to Wisconsin, Illinois and Northwestern. Iowa, Purdue and Indiana failed to place in the No. 1 lineup.

There was not a single unanimous choice, although Michigan's halfback Charles Ortmann and Wisconsin's banger Bob Wilson, converted from center to end this season, missed by one coach each.

Minnesota placed three linemen, two of them—End Bud Grant and Tackle Leo Nomellini—being repeaters from last year's AP honor team along with Michigan's 33-year-old tackle, Al Wistert.

The third Gopher honored was 240-pound center Clayton Tonnemaker, who advanced from second team rating in 1948. Michigan's third all-star was Guard Lloyd Heneveld, who dominated wide-spread voting at that position. Rounding out a 216-pound line at the other guard was Ohio's Jack Lininger, normally a center but rated too valuable to be left off the first team.

Don Burson, accurate-passing strategist of Northwestern, was named quarterback in a close scrap with Ohio's Pandel Savic. Rounding out a comparatively light, but high-powered backfield with Burson and Ortmann were Johnny Karras of Illinois, only sophomore on the honor team, and Ohio State's Jerry Krall.

Karras, heaviest back of the group at 186 pounds, established a conference season ground-gaining record of 732 yards in seven games and was hailed as the finest Illini back since Red Grange.

Krall, a slender 180-pound competitor, was awarded the fullback spot, although he performed as a tailback for the Buckeyes. It

was Krall's super-charged running which ignited Ohio's second half rally for the 7-7 tie with Michigan for the title share last Saturday.

With exception of Karras and Junior Ortmann, a brilliant passer who suffered from lack of able Michigan receivers, the No. 1 aggregation was composed of seniors.

Karras missed two first team votes, but matched Ortmann and Wilson with 16 points out of a possible 18 by snagging two second team votes. In the cases of Ortmann and Wilson, one coach failed to name them on either team.

Tonnemaker, named by seven coaches, and Grant, picked by six, each wound up with 15 points, while Wistert gathered 14 points.

Other first team point tabulations were 12 for Nomellini, 10 for Krall, nine for Burson, and eight each for Heneveld and Lininger.

Most highly graded among the players relegated to the second team were Ends Jack Dittmer of Iowa and Clifton Anderson of Indiana, Ohio's Quarterback Savic, Guard Chuck Gottfried of Illinois, and Fullback Johnny Kerestes of Purdue.

Two 1948 all-stars, Halfback Harry Szulborski of Purdue, and Fullback Art Murakowski of Northwestern, were virtually ignored in the balloting. Murakowski got honorable mention and Szulborski failed to get a single call.

Karras Is Wilcats' Most Valuable

CHAMPAIGN, Ill., Nov. 22—(AP)—Johnny Karras of Argo, Ill., has been chosen Illinois' most valuable player for the 1949 football season—the first time in the school's history a sophomore has been given that honor.

Karras won the big ten ball-carrying title in record style. Bill Vohaska, junior center from Cicero, Ill., was chosen team captain for 1950.

Pro football players receive daily between five and six thousand calories, more than the 4000 served war combat troops.

Florida-bred thoroughbreds won 64 races and earned \$145,877 in purses the first nine months of this year.

Give Greenberg Full Authority

Tribe To Be Active In Winter Trading

CLEVELAND, Nov. 22—(AP)—Baseball Novice Ellis W. Ryan opened business as the Cleveland Indians' new president today by giving Hank Greenberg a free hand in player transactions.

Then he added: "Some new deals must be made" to strengthen the club.

Greenberg was signed to a three-year contract as general manager of the American league baseball club yesterday shortly after the team was sold to Ryan and other Clevelanders.

Under the Bill Veeck regime just closed, Greenberg was vice president and ran the Indians' farm system.

"Hank and I will work as a team," said Ryan. "But I don't want him to feel that his hands will be tied."

"Greenberg has a fine record with the Indians and we are happy to have him with us. I understand the club never had a farm system of this magnitude until he helped develop it."

"I don't want him to decrease that activity. I want him to continue operating the farm system in addition to being general manager."

"I haven't discussed the situa-

tion with Hank, but I think some deals must be made. We'll have to strengthen the club. I would say right now we're about on a par with New York, Boston and Detroit."

A newcomer to baseball, Ryan also has been promised help from Veeck, the man he succeeded as president.

He said Veeck will accompany him to the major and minor league meetings at New York and Baltimore respectively next month, helping out with his trade know-how.

Veeck himself, though technically finished with the players he built into world champions, has some business left in Cleveland.

J. H. Harris, owner of 38 1/3 shares of the 1,125 shares of stock in the old ball club, sued Veeck in common pleas court for \$1,250,000.

He claimed in his suit that Veeck's private ownership or control of the Oklahoma City, Dayton and Zanesville, O., farm club franchises was financed by \$175,000 borrowed without authority from the Cleveland club.

Veeck declined comment. But his attorney, Edward E. Lurie called it a "silly law suit." The new owners said it will have no effect on the operation of the club.

Bobby Morgan, Montreal infielder who won the International league batting title and the most valuable player prize this year, played every game for the Royals.

New Drug To Aid Skin Disease

By ALTON L. BLAKESLEE

NEW YORK, Nov. 22—(AP)—An old drug, a cousin of castor oil, often helps overcome psoriasis, one of the oldest and most stubborn of skin diseases, skin specialists report.

The drug is undecylenic acid, a by-product of castor oil. It has been known for about 90 years, but only lately was tried against psoriasis.

Results vary, but up to 40 per cent of patients get rid of the skin ailment, at least temporarily, but only lately was tried against psoriasis.

Psoriasis, one of the four most common skin ailments, is an outbreak of reddish patches of skin with silver-colored scales. They appear mainly on the scalp and around knees and elbows. The disease may spread over large areas of the body. The outbreaks come and go, and may continue throughout life.

Medical historians report the disease was often mistaken for leprosy, even as late as the middle ages. The cause has not been learned, and for centuries nothing could be done for it.

Some drugs and salves help, but don't bring permanent cure, said Dr. Herman Goodman, associate clinical professor of dermatology and syphilology, New York university medical college. But undecylenic acid a fat-like chemical, looks promising.

Dr. Henry Harris Perlman of Philadelphia tried it on 17 patients with chronic psoriasis. All showed improvement, with relief from itching, and complete or

partial clearing up of the scales. Some took the chemical for three months before they showed improvement.

Continued use of the acid also seemed to prevent recurrence of the disease in some patients, Dr. Perlman said. It is taken by mouth, in gelatin capsules to hide its bad taste and odor.

Vitamin A brings benefits on mes also, Dr. Goodman said. Other fat-like chemicals also are being used with promising results in combination with undecylenic acid and vitamin A.

Crime Conviction Hits Mounds Club

PAINESVILLE, Nov. 22—(AP)—For the first time in 20 years of catering to the ultra rich, the plush gambling casino Mounds club today had a crime conviction against it.

A municipal court jury last night found Thomas E. Farley, 56, Mounds manager, guilty of unlawfully keeping a place where liquor is dispensed.

That is one of the two strikes state law will allow the establishment. The law says if a spot has two convictions which stick it shall be closed as a nuisance.

Right now the club is closed as a fire hazard on Gov. Lausche's order, but a remodeling is in process.

The maximum penalty Judge Albert W. Hayer can impose when he passes sentence Saturday at 9 a. m. is \$500 and costs.

Anthony A. Rutkowski, state liquor enforcement chief, called the conviction an "incentive to more vigilant activity" on the part of his men and declared "the jury's verdict has put the stamp of approval on the activities of the law enforcement division."

John L. Opposes Dawson As Trustee

WASHINGTON, Nov. 22—(AP)—The determined figure of John L. Lewis reportedly stood today between former Federal Judge Charles I. Dawson and a seat on the board of trustees for the United Mine Workers welfare fund.

The UMW leader was said to have prevented Dawson from formally taking his seat as operators' trustee at a stormy three-hour session yesterday. Lewis, representing the miners, is chairman of the board. Senator Bridges of New Hampshire is the neutral member.

Lewis' action apparently leaves Dawson's status up in the air until the trustees' next meeting, scheduled for Friday, Dec. 2.

Operators thought the date had nothing to do with whatever plans Lewis may have for resuming the strike or keeping the miners at work after Nov. 30.

Greatest Compliment a Car Ever Had!

NUMBERED AMONG THE HAPPIEST Cadillac owners are many, many dealers who sell and service other well-known makes of cars.

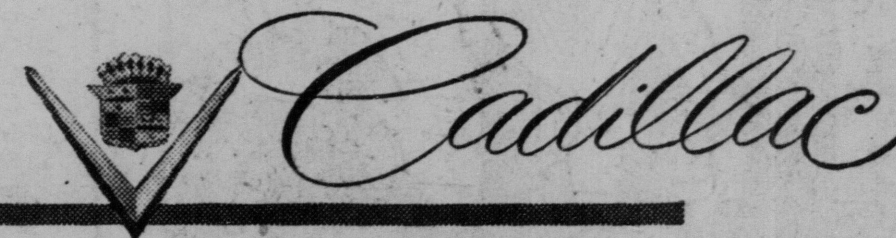

They feel perfectly free to avail themselves of Cadillacs because they know that all the world holds Cadillac in a class apart. Hence, it is no reflection on the cars they sell when they seek, for themselves and their families, the exclusive advantages which "the Standard of the World" provides.

This, of course, is the greatest compliment a motor car ever had—and the respect upon which it is founded has been fifty years in the building. Throughout all

this time, there has been the strictest adherence to the highest ideals of engineering and production. Not once has the inflexible rule of quality been eased for a single day.

It is a wonderful thing to own such a car. It is a wonderful thing to drive it—to relax in it—and to have it as a cherished possession. All in all, it enhances the enjoyment of the whole day's activities.

We think you would sense all this—and more—after an hour or so at the wheel. Why not come in some day, quite soon—for a ride that's a revelation? We should be happy to have you any time.
